Poster EVALUATORS

Please use your UNM Zoom account to log in the [UROC Zoom room](#) at the assigned time. For security reasons, the UROC poster presentation live Q&A is only available for UNM students, faculty, and staff. Once in the Zoom meeting, select the breakout room of your assigned poster presenter. You can move in and out [the breakout rooms](#) on your own during your session, but don't hesitate to ask the Host or Co-Host for assistance as needed.

The presenters will screen-share their posters in the breakout room and should give you a brief (5 minutes) presentation on their research projects at the start of the session block, so please be prompt. Also, please interact with the presenters by asking questions on their projects. Some possible questions are listed below.

If you encounter any issues in the breakout room, please click “ask the Host for help” in the breakout room icon sub-menu and UROC staff will come to the breakout room.

After the Zoom session, please fill out the simple [UROC evaluation form](#) no later than April 20. Please leave your comments in the text box for the presenters including positive feedback and something to improve for their future presentations. Please be mindful of your comments as this may be the first presentation for some students.
